

teak finish

Diffusore compatto studiato per impiego in ambiente home theatre. Le forme particolari e la staffa regolabile in dotazione consentono di tararne sia il posizionamento che l'orientamento, così da incontrare le più diverse necessità di installazione.

A compact sound diffuser designed for use in home theatre environments. The special shapes and the adjustable bracket supplied make it possible to calibrate its position and direction, thus ensuring even the most diverse installation requirements are complied with.

SYSTEM	2 way loudspeaker, front reflex port.
CABINET	Construction with de-coupled side panels for resonances control.
TWEETER	Custom design, ultra dynamic linearity driver, 19 mm ring radiator, magnetically shielded.
MID-WOOFER	Custom design, free compression driver, 150 mm paper coated cone, magnetically shielded.
CROSS-OVER	Ideal blending, initial first order, distributed multi - slope, optimized phase characteristics for correct space/time performance, cross point 3600 Hz.
FREQUENCY RESPONSE	55 Hz – 20.000 Hz, tuning port included.
SENSITIVITY	88 db SPL (2.83V/1m).
NOMINAL IMPEDANCE	4 ohms.
POWER HANDLING	30W - 150W, without clipping.
FINISH	Combination of black leather and teak or black piano lacquer.
DIMENSIONS	185 x 180 x 480 mm (WxDxH).
WEIGHT	11 Kg per pair - net weight/14 Kg per pair - shipping weight.
