

Dream Bee

PRO VERSION Series

For the joy of our most exclusive customers, DreamVision has designed this **PRO VERSION** of the popular DreamVision DreamBee. Our goal : give you the best performance and adaptability in order to match the amazing DreamBee design.

the exclusive Honey Ring

the Limited Edition Signature

DreamBee **PRO** comes with a limited version of our DreamScaler 3 external video-processor, which has been specifically re-programmed for the DreamBee, thanks to the collaboration of our engineers with the talented Anchor Bay development team.

- Exceptional video performance thanks to the VRS™ technology by Anchor Bay
- Richer connectivity : 4 HDMI inputs
- Advanced video source management
- Advanced video *game mode* and D-sub15 compatibility (cable D-sub15 to RGBVH needed)
- Total control of the overscan
- Professional colour management tools
- Optimized out-of-the-box settings
- Extended plug-and-play capability
- 2.35:1 aspect ratio preset
- Increased upgradeability (optional SDI input, optional 12v trigger, future software applications...)
