

DreamVision[®]

A milestone in the DreamVision Home Cinema Concept

Our philosophy has always been to provide you with a complete, adequate and high-end solution whatever your needs or inspiration

Using the DreamVision Home Cinema projectors in association with the DayDream motorized projection screens ensures a high quality picture in all kinds of rooms and environments

DreamVision offers a wide range of options, short throw to ultra long throw lenses, programmable remote controls and external hub/video-processor

We consider our 4EVER Screen as a milestone insofar as it gives you the possibility to choose among 4 different projection formats with a single screen and a single remote
Thanks to 2 motors and moving black dull drop, may your source be in SDTV 4:3, HDTV 16:9, 1.85:1 Widescreen or 2.35:1 Cinemascope format, this state-of-the-art motorized screen will always ideally fit to it

**4:3
NTSC video
SDTV**

**16:9
HDTV**

**1.85:1
WideScreen**

**2.35:1
CinemaScope**

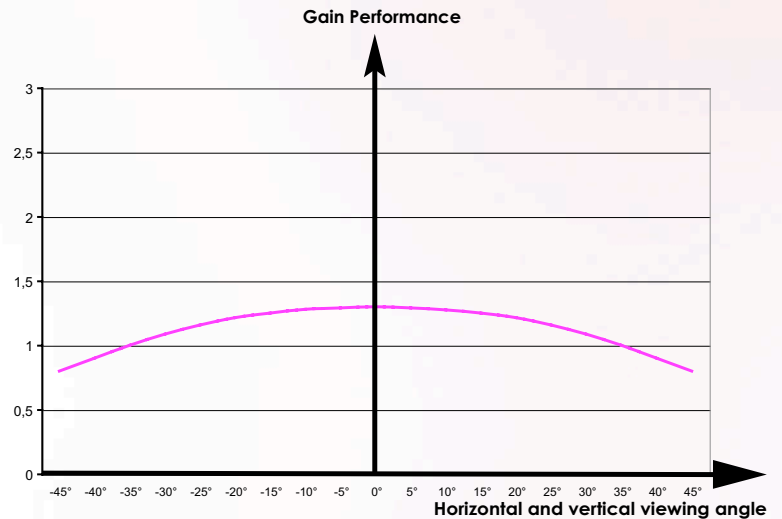

The 4EVER Screen can be controlled by any computer or domotic device through its RS232 interface board

It therefore can perfectly integrate any custom installations or Home Automation system

Lateral tensioning cables assure a long-lasting and total flatness and curl free performance

models	4EVER 100	4EVER 120
base (width)	203 cm	244 cm
height (4:3)	152 cm	183 cm
height (16:9)	114 cm	137 cm
height (1.85:1)	109 cm	132 cm
height (2.35:1)	86 cm	104 cm
Black drop	20 cm	20 cm
