# KALISTA : PRESTIGE AUDIO DEVICES

*DreamPlay is the Master of Design*

*The only CD turntable with a touchscreen*

*Simple and high-quality connectors*

## DreamPlay CD

The unique real CD Turntable is now available in Black Pearl or Diamond finish. More customisations are also available, like adding gilded feet. Featuring the exceptional Philips CDPro transport, DreamPlay is more than ever the King of Rhythm !

## DreamPlay

STREAM-LINED

## DreamPlay DAC

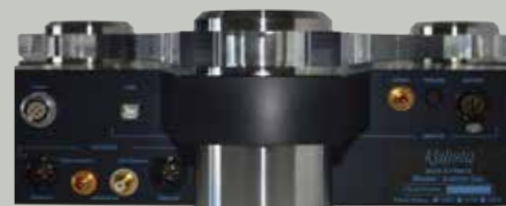

The ultimate D/A converter, embeds two different DAC chips lines providing different sound reproduction profiles. It also integrates the famous AOP-tube output switch by Métronome, which is another way to adapt sound profile to your needs

*Exceptional design and quality of materials*

*A quick and reactive touchscreen*

*Complete connections for all pairings*

## ABSOLUTE PIECES OF ART

Kalista by Métronome Technologie is considered one of the most unique and luxurious high-end devices in the world. Since the unveiling of the first generation of Kalista CD turntable in 2003, the range has improved and now represents the seventh generation of Kalista CD turntables and D/A Converters.
