

Venere S

THE SIGNATURE
OF EXCELLENT SOUND

A COMPLETE EVOLUTION
OF THE VENERE COLLECTION
COMBINING SOUND, STYLE,
AND ITALIAN CRAFTMANSHIP.

Sonus faber

Sonus faber
Venere S

**THE SIGNATURE
OF EXCELLENT SOUND**

Venere S is the new flagship of the Venere family, signed by Sonus faber.

The most powerful three-way speaker of the collection, Venere S inherits the design of its siblings and has an electro-acoustic legacy strongly connected with the finest traditions of our brand.

Venere S is made in Italy, at the Sonus faber headquarters

in Arcugnano where it is assembled entirely by hand.

This speaker ideally bridges between the Venere and Olympica product families thanks to carefully designed and precise solutions that create an accurate and detailed sound stage.

For all these reasons, the S if the name stands for *Signature*.

TECHNICAL SPECIFICATIONS

SYSTEM

3 way floorstanding speaker

TWEETER

29mm high definition precoated fabric dome driver.
DKM dome diaphragm visco-elastically decoupled from the baffle. Sonus faber design.

MIDRANGE

1x150mm cone driver. Ultra free compression basket. Thermo-mouldered polypropylene textile cone (Curv™). Ultra dynamic performance and linearity. Special coaxial anti-compressor is used to remove resonances and distortions. Sonus faber design.

WOOFER

3x180mm cone driver. Free compression basket. Aluminum cone for maximum speed. Ultra dynamic performance and linearity. Sonus faber design.

CROSS-OVER

Non-resonant "progressive-slope" design, optimized phase response for optimal space/time performance, "paracorss topology" on every network. (Nano-technology deposition on the pcb rails).
Cross-over point: 250Hz - 2500 Hz

FREQUENCY RESPONSE

40 Hz -25.000 Hz

SENSITIVITY (2.83V/1M)

90dB SPL

NOMINAL IMPEDENCE

4 ohm

SUGGESTED AMPLIFIER POWER OUTPUT

40W - 300W without clipping

LONG-TERM MAX INPUT VOLTAGE (IEC-268-5)

22V rms

TOTAL DIMENSIONS (HxWxD)

1.236 x 391 x 477,5 mm

WEIGHT

28,8 Kg each

AVAILABLE FINISHES

WOOD

BLACK

WHITE
