CHRONOSONIC[®] *4 Seasons* XVX

Wilson Audio is pleased to announce a limited XVX series that pays homage to the familiar and anticipated changes we see in nature every few months. Introducing the Chronosonic XVX 4 Seasons.

As with music, each of us is uniquely moved by the elements of the year. Utah is known for its alluring and beautifully distinct four seasons. Each season here in the high mountain desert dresses the landscape with gorgeous colors and creates stunning scenes to which millions come to admire and experience.

This aesthetically rare XVX series draws inspiration from the natural color combinations found in Utah and from the countless mountain ranges, sand dunes, meandering streams, lakes, and vistas.

With the unprecedented and universal embrace of our flagship, and the overwhelming praise published about Chronosonic XVX, our Special Applications Engineering team saw an opportunity to push the visual boundaries as much as we have pushed our uncompromising performance in the sonic realm.

Wilson Audio celebrates this remarkable journey with this special series. Chronosonic XVX 4 Seasons is where truly elegant and refined design harmoniously blends with the finest materials.

Only available in 2022.
